

FOR IMMEDIATE RELEASE

AERC.com, Inc. Donates Computer Workstations to Resource Center of Somerset County

Flanders, NJ – February 8, 2010 – In support of the Resource Center of Somerset, AERC.com, Inc. (AERC Recycling Solutions) has made a donation of refurbished electronics to the local non-profit organization. Four fully functioning nearly new computer workstations have been provided to the Resource Center. By making these workstations available to victims of domestic violence, women will have the technological tools to apply for jobs, conduct research on the Internet and practice their computer skills, which essentially help them in finding work and starting a new life.

“AERC believes in the message and goals of the Resource Center of Somerset to eliminate physical and emotional abuse. By providing tools, such as computers, for these victims AERC hopes to help them conquer their obstacles and lead productive and fulfilling lives. It is our hope that this donation will help play a small part to end the cycle of abuse as well as provide a constructive gift for the community. Any money saved by the Resource Center provides for expanded resources that can be spent on client needs and services,” said Lindsay Landmesser, Vice President of Sales at AERC.

Paloma Amar-Coleman, Executive Director of the Resource Center of Somerset is grateful for the donation of computers. “We thank AERC Recycling Solutions for its recognition of our needs and our efforts to dedicate our resources to client services over office equipment. We appreciate AERC’s ability to respond so quickly and considerately. We appreciate the generosity of the community for in-kind donations such as this to help us with the business end of helping people who face such harsh times. When we can cover our administrative costs through donations like this, we can provide so much more to our clients in the way of services,” said Ms. Amar-Coleman. “We would like to extend a special thank you to Peter Jegou, CEO of AERC who also serves as President of the Board of Trustees at the Resource Center, for facilitating this donation.”

The staff at the Resource Center will certainly put the computers to good use. Many of the existing computers are old and in need of upgrades or replacement. Ms. Amar-Coleman adds, “The Resource Center is always ready to accept donations that help us to help our clients.” If you would like to know more about making a donation to the Resource Center of Somerset, please contact John Graf, Jr., Director of at (908) 359-0003, at extension 230.

About the Resource Center of Somerset

The Resource Center of Somerset has been serving people affected by domestic abuse in Somerset County for over 30 years. Founded by a small group of volunteers who provided emergency shelter for women escaping abusive relationships, the Resource Center of Somerset has been serving survivors of domestic abuse in Somerset County, adults and children, for over 30 years.

The decision to change the agency’s name in January to the Resource Center of Somerset was made to partially revert to the original name because it has such strong recognition and a positive legacy in the community.

"We are committed to a green world by helping clients in proper end-of-life management of assets containing sensitive data and components hazardous to our environment."

The Resource Center, whose mission is to provide Help and Hope for People Affected by Domestic Abuse, has grown to keep pace with the needs of those looking for shelter and safety from domestic abuse. The agency has expanded services to include not only emergency shelter, but, transitional housing, legal advocacy, outreach counseling, community education, volunteer Domestic Violence Response Teams comprised of trained volunteers who work with municipal police departments and more. Services are offered in English and Spanish and are provided at no charge.

For more information about the Resource Center of Somerset or to find out more about domestic abuse and how to recognize and prevent abuse in a relationship, please visit our Web site, www.resourcecenterofsomerset.org, or call our Department of Community Affairs – (908) 359-0003, ext. 223.

About AERC Recycling Solutions

AERC Recycling Solutions is committed to a green world by helping clients in proper end-of-life management of assets, including those containing sensitive data and components hazardous to our environment. AERC has become an industry leader through its partnerships with clients by providing unmatched convenience, regulatory compliance and expert consulting to handle Electronic Waste issues. AERC is committed to responsible recycling practices for a healthier tomorrow.

AERC maintains a Zero-Waste-to-Landfill Policy for all of its hazardous electronics/ electrical recycling services. All electronics are dismantled domestically by our highly trained staff. Any Information on data storage devices is either wiped to the Department of Defense Standards or physically destroyed. AERC offers its clients compliance with Federal, State, and Local regulations and can provide an audit trail for compliance with data security and environmental laws. With its own fleet of GPS tracked trucks, the Company provides delivery confirmations and in-house management of logistics. The Company provides “chain of custody” of assets for clients with coverage throughout all major markets in the United States, with continued plans for expansion across the United States.
